SENIOR FRONT-END ENGINEER

SKILLS

React.js, Next.js, TypeScript, Jest.js, Chakra Ui, Solidity, Vercel, Web3.js, Ether.js, Foundry, Git, Github, Tailwind CSS

Dynamic Senior Front-End Engineer with 5 years of experience specializing in high-impact digital solutions. Proficient in React.js, Next.js, and Typescript, I've successfully built a range of projects from comprehensive marketplaces to advanced CMS platforms. Known for delivering innovative and robust solutions, I thrive in fast-paced, challenging environments where technical excellence and business impact are top priorities.

WORK EXPERIENCE

Vintners • 12/2021 - Present
Senior Front End Engineer
- Spearheaded the development of a comprehensive marketplace for craft wine, successfully attracting over 1,000 producers and more than 50 sellers within the first year.
- Designed and implemented a cutting-edge CMS, empowering those 1,000+ producers and 50+ sellers to create personalized websites, driving user engagement and business scalability.
- Engineered an industry-leading stock inventory and sales information system, revolutionizing operational efficiency with real-time tracking and analytics.
- Technologies used: React.js, Next.js, TypeScript, Chakra UI, Vercel
- Elevated the standard of UI/UX design within the wine industry, setting a new benchmark for quality and user engagement.

TenderCulture® • 05/2021 - 01/2022
Co-Founder - Front-End Engineer
- Co-founded TenderCulture, leading the creation of a groundbreaking SaaS product from conception to launch, demonstrating entrepreneurial spirit and technical expertise.
- Presented the SaaS product at web conference, showcasing its innovative features and gaining industry recognition for its forward-thinking approach.
- Actively participated in architecture discussions, providing valuable input on technical decisions that shaped the platform's scalability, security, and overall functionality.

DevelopAB • 10/2019 - 12/2021
Front-End Developer
- Contributed to the development of a wide range of websites, successfully delivering multiple projects that met and exceeded client expectations.
- Consistently achieved high client satisfaction rates, becoming a key contributor to the company's growth and reputation for quality.
- Utilized advanced technologies like React.js and Next.js to build responsive, scalable, and visually compelling web solutions.
